STEVEN STROM HOLDS PUBLIC LECTURE

Noted astronomer Dr. Steven Strom will be in Tuscaloosa on Monday, April 25, to speak at 7 p.m. in the auditorium of Shelton State Community College on the subject of "The Lifecycle of Stars." An astronomer with the Peak National Observatory, Dr. Strom is being brought to Tuscaloosa through a grant from the Endowment Fund for the Visiting Professor Program known as the Harlow Shapley Visiting Lectureships in Astronomy.

Dr. Strom received his AB from Harvard in 1962, graduating magna cum laude. In 1964, he received his AM, PhD from Harvard. Before coming to the Kitt Peak National Observatory, Dr. Strom was a physicist at the Smithsonian Astrophysical Observatory, lecturer at Harvard College, Professor of astronomy SUNY, Stony Brook, visiting professor of astronomy, University of California, Berkely, and adjunct professor of astronomy at the University of Arizona. Dr. Strom's lecture is free and open to the public.

****

MUSICALE

A Musicale will be held on May 19 at 11 a.m. in the music room on the Junior College campus. All of the music students will be featured. It will be under the direction of Mrs. McElvy.

****

CANNON RECEIVES FELLOWSHIP

Former Shelton State student Susan Cannon has been chosen as one of 20 students from across the United States to receive a $12,000 Graduate Fellowship to Rice University in Houston, Texas next fall. The fellowship will continue for as long as her work is satisfactory. Cannon will be working on her PhD in Chemistry.

A member of the Shelton State Alumni Association, Cannon will be honored by the group at their April meeting Wednesday, April 27, at 7:30 p.m. in room 86 of the Junior College. All friends and faculty members are invited to attend.

Cannon received her Associated Degree in Science from Shelton and was a member of Phi Theta Kappa. She was the recipient of the Leo Sumner Award her second year at Shelton State.

Currently Cannon is attending the University of Alabama and will graduate in May with a major in chemistry. She is a member of the American Institute of Chemists.

INHERIT THE WIND COMES TO BAMA

The Tuscaloosa Community Players will present their final and largest production of the season, "Inherit the Wind," opening Thursday, April 28, for a four-day run at the Bama Theatre. The play, which was written by Jerome Lawrence and Robert E. Lee, is scheduled for 8 p.m. on April 28 -30 and a 2:30 p.m. matinee on Sunday, May 1. The story is based on Scope's "Monkey" trail and features the widely discussed debate between William Jennings Bryan for the prosecution and Clarence Darrow for the defense. Five local lawyers are included in the 50-person cast and the scenery for the play features the furnishings from the court-room from the old law building (Farrah Hall) on the University of Alabama campus. Tickets are $5 for adults and $2 for Shelton students with ID cards.

TECHNICAL TALK

The cosmetology department will sponsor a style show on May 16 at 1 p.m. in the Victor Poole Resource Center. Students in cosmetology will be the models. News from the nursing program: The ADN and LPN programs under the direction of Mary Ann Pearson are proving to be one of the more popular programs at the Technical Division. Approximately 125 students are enrolled each quarter in the LPN program. The selection for the next class will be announced this week and these students will pre-register the following week. Instructors for the LPN program include: Euradell Fredd, Kim Inman, Betty Bibby, Frances Day, Dorothy Beams, primary instructors; and Joyce Robinson, Sara Paul, clinical instructors. Candidates for the next ADN class will be taking the Challenge Exam soon, Pearson said. The current class is half way through the course and will take the National League for Nursing Achievement Exam in May. This test compares their knowledge to other nurses across the United States.

****

FROM THE FIRE COLLEGE

Charles Faulk, specialist in wastewater treatment, was presented with a national award at the state meeting of the Alabama Association for Water Pollution Control. Faulk received the Water Pollution Control Federation's Hatfield Award for an outstanding annual report for a wastewater treatment plant.

****

EMERGENCY SECONDARY EDUCATION SCHOLARSHIP PROGRAM

The Alabama Legislature has established the Emergency Secondary Education Scholarship Program for the 1983-84 school year. Any entering freshman, those already in college, and persons who have graduated from college who return to obtain teacher certification in the specified fields of study may apply. Winners must engage in full time study for one or more terms during the 1983-84 fiscal year in preparation for teaching in secondary mathematics, chemistry, physics, biology, or general science. The amount of the scholarships will vary but will cover the cost of tuition, room, board, and books at various institutions in the state. To find out more about these scholarships, contact Tom Umphrey, Dean of Special Programs.
